

Mini Usage Guide

How to Use Your Focus Flow Daily Planner

1. Morning Clarity

Begin each day by setting a focus word or intention. This will guide your mindset and priorities throughout the day.

2. Top 3 Priorities

List your key goals for the day. These should be your most important tasks that align with your larger goals.

3. Time Blocking

Schedule tasks in dedicated blocks. Allocate specific time slots for each task, ensuring your day is organized and focused.

4. Wellness Check

Log your mood, meals, hydration, and movement. Track these to stay mindful of your overall well-being throughout the day.

5. Reflection

End the day with gratitude and insights. Reflect on what went well and how you can improve for tomorrow.
